

THE GLADSTONE FUND

In honor of the 100th Anniversary of the Hamilton Farm Stable, for 2017, the USET Foundation has initiated a capital campaign to preserve this important legacy and important facility.

The USET Foundations mission is to support the competition, training, coaching, travel and educational needs of America's elite and developing International High Performance horses and athletes in partnership with the U.S. Equestrian Federation.

The Hamilton Farm Stable (a.k.a. Gladstone) is central to supporting that mission through providing a world-class facility for:

- Olympic, Pan American, Paralympic and World Championship Selection Trials
- National Championships
- Clinics and Training Sessions
- Pre-export and quarantine facility for U.S. Equestrian Teams
- Local and Regional Equestrian Competition
- Special Events and Exhibitions
- Headquarters for the USET Foundation and offices of the USEF High Performance Staff

The Hamilton Farm Stable has received Certification of Eligibility from the State of New Jersey, and is eligible for listing in the New Jersey and National Registers of Historic Places for its architectural significance. Final registration is pending approval.
